Subject: R10 NWQI reporting sheets due November 18--Pass on to ODEQ to Complete

Hi Alan,

Attached is the Oregon NWQI spreadsheet for FY15 reporting. Please send the attached to the Oregon NPS coordinator at ODEQ to be filled out before November 18. Once the Oregon NPS coordinator completes the spreadsheet, request that he or she emails the completed spreadsheet to Erika Larsen (Larsen.erika@epa.gov) with cc's to you, me (carlin.jayne@epa.gov) and kilgo.james@epa.gov.

You will see that we have kept the questions and state answers from last year's reporting for reference in the templates. States should not over-write the 2014 information. We are asking states to report on NWQI progress for FY15. Since questions related to monitoring watersheds are asked every other year, this information is not in this year's reporting template.

Please note that there are macros embedded in the reporting spreadsheets so you may need to enable macros to open the file.

Contact Erika (202-566-0048) or James with any questions.
